Vineyard USA's stance on worship:

Worship is an environment in which we experience God, so we make it a priority in our gatherings. We place a high value on intimacy (going deeper) in worship.

What to expect at BVC during worship:

We worship for about 25 minutes and play 3-4 songs. We sing songs to God, about God (His Glory), and from God to the congregation. Songs are biblically sound. You can expect anything from contemporary, to gospel, and hymns.

Our Mission as a worship team:

We create an atmosphere where people can engage with God and give Him the glory He deserves. Worship is not about the worship team on stage.
